We have nurtured students for quite a while who have managed to go and further their studies abroad. There are some careers that cannot be groomed by our local tertiary institutions therefore one's dream shouldn't be stifled by such barriers. A lot of Universities from India, China, Mauritius and others from Europe have expressed their interests in enrolling African students. The rise and demand of professionals in the STEM fulcrum is being satisfied by countries that are much more advanced techwise, therefore we have engaged in a consortium with an agent that will help our ambitious students to go and study abroad with various funding opportunities. **PHILADELPHIA'S PARTNERSHIP WITH STUDY ABROAD SCHOLARSHIPS & ADMISSION SYSTEMS** is making that dream a reality in

association with the International Universities they represent. We have been conducting career guidance and Tertiary Education seminars with our students to help and guide those who are interested for easy admission and Scholarship awards both Partial and fully funded.

SPORTS & CLUBS

CHAMPIONING OUR GAMES

We are an affiliate of the National Association of Secondary Heads (NASH) sports coalition. More than 5 of our learners represented the school at the district level and 3 qualified to the provincial level (Harare) representing Borrowdale District for Athletics first term. Boys Handball won the Zonal Championships and proceeded to the districts competitions for the NASH ball games. Apart from Nash, we have an annual ball games tournament in which the schools under the Responsible Authority of Philadelphia Mission in Africa Trust, (JEMEDZA, GRASSLANDS, PHILADELPHIA & EYESTONE HIGH SCHOOLS participate. It is an internal tournament where the sister schools get to compete with their athletes sharpening and showcasing their fine talents.
